HALL TRIAL JURY DEADLOCKED

NEW PLANT PROMISED BAY REGION

PROPOSED NEW FACTORY WITH \$350,000 ROLL

Standard Sanitary Manufacturing Company of Pittsburgh Is Seeking Location

WILL EXPEND OVER \$1,000,000

Exact Location of Largest Bay Region Plumbing Factory is Not Yet Revealed

SAN FRANCISCO, July 10.—A new Coast factory involving an expenditure of more than one million dollars and an annual pay-roll of three hundred and fifty thousand dollars will be erected immediately in the vicinity of San Francisco Bay if plans now considered by the Standard Sanitary Manufacturing Company of Pittsburgh, Pennsylvania, are carried through.

Definite announcement of the decision to erect the factory on the Coast was received from the executive committee of the eastern concern by F. T. Letchfield, director of the Industrial Department of the San Francisco Chamber of Commerce yesterday and comes as the result of an intensive survey of conditions prepared for the manufacturers by the local chamber.

LARGEST IN WORLD.—The Standard Sanitary Manufacturing Company is one of the largest if not the largest manufacturer of plumbing supplies brass goods and porcelain enamel in the world, and operates factories in a number of eastern cities, among them Tiffin, O.; Kokomo, Ind.; Pittsburgh, Pa.; Louisville, Ky.; and Baltimore, Md. The Baltimore plant represents an investment of five million dollars, and was only recently completed.

The Pacific Coast business of the

Mira Vista Fire Calls Department

A small fire broke out in a pile of shingles near some cottages in Mira Vista yesterday afternoon. Engine No. 4, of the Fire Department hurried to the scene and put out the blaze before any damage was done. It was believed that the conflagration was due to spontaneous combustion.

Engine No. 3 was detailed to a small grass fire at the corner of Roosevelt and Thirty-third street yesterday afternoon. No damage was done as a result of the fire.

Here's Law That Caused 'Monkey' Trial in South

Dayton, Tenn., July 10.—The list of the jurymen who will decide whether John Thomas Scopes is guilty or not of teaching evolution in Tennessee reads:

W. J. Robinson, member of no church, a farmer, ...

J. W. Bachly, Methodist, farmer.

Jim Riley, Baptist, farmer, unable to read or write.

W. J. Taylor, Methodist farmer.

R. L. Gentry, Baptist, farmer, T. J. R. Thompson, Methodist wealthy land owner.

W. D. Smith, Baptist, farmer, Jess Goodrich, Disciples, shipping clerk.

T. J. H. Bywman, Methodist, farmer and cabinet maker.

Bill Day, Baptist, farmer.

R. L. West, Baptist, farmer, E. S. Wright, Baptist, farmer.

Thompson is the only one who wore a coat and collar.

Rehearing On Bay Fare Set

Motorists who have been looking forward to reductions in auto ferry rates on Southern Pacific ferries which were to have become effective next Wednesday, received a setback yesterday in a decision of the State Railroad Commission.

The commission granted the railroad company an opportunity to appear in the State Building on July 17 at 10 o'clock to present arguments for a rehearing of the case. Meanwhile the reductions ordered recently are suspended.

The date for the rehearing was announced by President Harley W. Brundage after a conference with Attorney C. W. Durbow of the Southern Pacific legal department.

The cut recently declared, affecting the rates between San Francisco, was from \$1.05 to 60 cents for auto fare and from 8 cents to 5 cents for each passenger.

CAR THEFT REPORTED

C. W. Brown, of the Hotel Richmond, reported to the police department yesterday that his Chevrolet touring car was stolen from its parking place on Macdonald avenue, near Thirteenth street, between the hours of 9 a. m. and noon yesterday.

Fireman Returns From Trip East

Fireman James H. Towers and wife of 622 Twenty-first street, arrived home yesterday morning after five weeks trip in their automobile, which took them to Kansas City and return. During their absence, they traveled over 6,000 miles and enjoyed every mile.

Outside of California, most of the roads traveled were macadamized highways, but in good condition, and Towers was able to exceed the speed limit without any trouble.

Towers says the trip took him over a great deal of new country, some of it very beautiful and fertile, but he was very glad to get back to California and especially Richmond, and escape the intense heat that he encountered in many sections

BIRTH IS REPORTED

At the Richmond Maternity hospital yesterday, a baby boy was born to Mr. and Mrs. Pembroke of Port Costa. Bellman died while working in the yards during the intense heat of that date.

Scopes Trial to be Run Strictly On Standards of Mountain Region

By JOHN STUART
Universal Service Staff Correspondent
DAYTON, Tenn., July 10.—The prosecution, by its seventeen-hour shift today came out against the admission of expert testimony in the Scopes trial. Attorney-General A. T. Stewart informed the court he would resist "as vigorously as we can resist" the calling of scientists and Bible students to testify what the theory of evolution is or interpret the Bible or anything of the sort."

This seemed indirect contradiction to Mr. Bryan's thundered declaration that after this trial evolution would be "the destruction that wasteth a noon day" instead of the "pestilence that wileth in darkness". Asked about it, Bryan replied:

"I have always insisted that this case be tried according to the law. Other persons connected with the prosecution however made this admission. That was feared as the result of the last conference of the prosecution, that the defense might bring here so many scientists and religious to admit their belief in genesis and evolution at the same time, that the jury, even a Rhea county jury, would be swept off its fundamental biblical feet."

The prosecution is taking no chances. Bryan's holy war will be run on strictly the biblical standards of the Tennessee mountains. And the first day of the trial showed what those stands will be.

CROWDS GATHER EARLY

The crowds came early. All last night fires were rousing even on the rear lawn of the court house. The odor of the barbecue spread enticingly under the trees. It mingled with the drone of a melodian at which a blind man intoned camp meeting hymns. He worked at agreed intervals apparently with a mountain minstrel with a guitar and a mouth

Kozy Kove Park Proposition is Topic of Meeting

Following up the determination of a few days ago to establish a park in the West Side, the West Side Progressive association, at its meeting at the Point Masonic hall last night, discussed from all angles the park question. Kozy Kove was the center of the discussion, which waxed warm at times.

George Lee, E. J. Garrard, Mrs. G. W. Topping and Tom Kenney carried on the argument of whether or not this spot would be appropriate for such a park. In an effective talk Lee said that in his opinion Kozy Kove should be purchased by the city for a picnic ground, but not for a park.

Finally Mrs. George Topping, Miss Katherine McCracken, Mr. Troutner and Mr. Fernauld, were appointed as a committee to look into the situation and report back to the association at its meeting on next Friday night. Any decision that may be reached by the association will

Death Found Due To Intense Heat

Death from heat prostration caused by over exertion, was the coroner's verdict in the case of Clark B. Bellman, who dropped dead in Port Costa on June 26. The verdict was returned last night at an inquest held by Coroner C. F. Donnelly at Port Costa. Bellman died while working in the yards during the intense heat of that date.

JUSTICE CLAIMS THREE LIVES IN STATE PRISONS

Two Men Hanged at San Quentin And One at Folsom Yesterday All Mere Boys

OLDEST VICTIM BARELY 24

All Three Paid the Penalty For Murder of Los Angeles Policeman Shot in Bank Theft

By Universal Service
SAN FRANCISCO, Cal., July 10.—Twentieth Century justice hanged three men in California prisons to-day.

Lewis Perry, 19, and Thomas Bailey, 24, both of Texas, went to their death on the gallows at San Quentin shortly after 11 o'clock this morning.

Edward Montijo, 19, formerly of St. Louis, Mo., was hanged at Folsom this afternoon.

All three paid the penalty for the murder of Glenn Bond, Los Angeles policeman, shot down during a bank robbery eighteen months ago.

The hangings were delayed one hour at San Quentin and four hours at Folsom in order to permit a last minute effort to have the supreme court stay the execution.

Perry and Bailey dropped through the San Quentin gallows traps at the same time, one and a half minutes apart. They were pronounced dead exactly ten minutes later.

The Folsom trap was sprung under Montijo at 1:31. Eleven minutes and five seconds later he was declared dead.

Builders Exchange Names Committees For Ensuing Term

The appointing of various committees to take charge of the affairs of the Richmond Builders Exchange was the principal topic of business of the meeting held in the Exchange Hall last night. E. H. Higgins, the newly elected president of the exchange was in charge of the meeting.

Higgins officially appointed the following committees for the year of 1925:

Auditing committee, A. P. Hill, E. A. Mero and Wallace Snelgrove. Financial committee, J. I. Collins, Wallace Snelgrove, and Roy Eakle. Executive committee, entire board of directors.

Grievance committee, entire board of directors.

Arbitration committee, Roy Eakle, James Walker, and A. P. Hill. Membership committee, P. M. Sanford, B. J. Balentyne, and H. J. Capon.

Constitution and by-laws committee, J. R. Cravath, F. A. Mero, and R. H. Spiersch.

Investigation committee, C. H. Brown, E. A. Marshall, and R. W. Timmons.

House committee, A. H. Whicolde, Roy Eakle and Fred Spiersch.

Street committee, E. B. Ball, H. D. Baker, and A. C. Lurick.

Subscriptions and donations committee, P. M. Sanford, W. D. Rahn, and E. M. Tidwell.

Industries committee, N. P. Bush, Robert Dornan, and C. J. Lambrecht. Insurance and bonds committee, M. A. Hays, E. J. Burg and J. H. Fitzpatrick.

Property assessment and taxation committee, P. M. Sanford, James Walker and M. A. Hayes.

GENERAL PANGALOS HEAD OF GREEK GOVERNMENT AFTER MILITARY REVOLT

Following a bloodless revolution in which the Michaelakopoulos government was overthrown, General Pangalos formed a new Cabinet in which he held the posts of Premier and Minister of War. He was formerly Generalissimo of the Greek army and Minister of War for a short time. General Pangalos said he was astonished that the action of the army in over throwing the government was described as a revolution. He was merely a political crisis, he said.

In his final argument District Attorney F. J. Henderson called upon the jury to bring in a verdict of guilty without recommendations, which means the death penalty for Hall. The young bandit gazed with the slightest show of emotion as this plea for his execution was delivered.

Claiming that the prosecution has proved that Hall was the companion of Tanko in the murder of Harry J. Litzberg, legal merchant whose establishment was robbed here on April 17, Henderson urged the nine women jurors to disprove the theory that "women will not do their duty when the death penalty is inflicted."

The court room was again crowded and many of the spectators remained until evening waiting the verdict. Scores of young women were among those who jammed the room to capacity.

GAY AUTO RIDES END IN DEATH OF TWO GIRLS

By A. J. LORENZ
Universal Service Staff Correspondent

CHICAGO, July 10.—The deaths of two girls, victims of gay automobile parties, were cleared in rapid order.

Within 12 hours after the body of 16-year-old Madeline White was found crammed beneath a porch a block from her home the authorities had the confession of Raymond Costello, an ex-convict that he had strangled her to death.

Costello, when taken into custody, admitted that he had kidnapped the girl by posing as a police officer. He named a man known to him only as "Muthland" as his associate in the crime and cleared Andrew Brick, another former convict, of participation.

The solution of the White slaying came on the heels of the arrest of Peter Delphine and Leonard Birnbaum in connection with the death of 17-year-old Mary Seckak. The youths admitted in signed statements that they had taken the Seckak girl, whose bruised body was found in a ditch on the side of the La Salle road, on an automobile ride.

JUMPED FROM CAR

The girl became alarmed when the youths got off the main road and thought they were trying to kidnap her. Without warning, they said, she jumped from the speeding automobile and was killed. Failing in their attempts to revive her, Delphine said, they drove about for several hours and finally decided to place the body in the ditch a mile from home. They denied actually having killed her.

Costello, according to the authorities, admitted strangling the White girl to death when she resisted his advances. When found under the porch of an empty house a short distance from her home the girl's hands still clutched a latch with which she sought to fight off the men.

Costello was patrolled from Pontiac a month ago. Brick, whom he cleared of suspicion in the slay-

FATE OF HALL IN HANDS OF 9 WOMEN, 3 MEN

At Late Hour Last Night Jury Had Failed to Reach Agreement in Murder Trial.

JURY DELIBERATES LONG

Nine Women on Jury Asked to Disprove Theory That Women Are Too Merciful

SACRAMENTO, July 10.—The Play Hall murder case, a grim chapter in the adventures of the youthful desperado who escaped from San Quentin last April in company with Joe Tanko, the "phantom bandit" was placed in the hands of the jury at a late hour nine women and three men were still deliberating on a ver-

dict. In his final argument District Attorney F. J. Henderson called upon the jury to bring in a verdict of guilty without recommendations, which means the death penalty for Hall. The young bandit gazed with the slightest show of emotion as this plea for his execution was delivered.

Claiming that the prosecution has proved that Hall was the companion of Tanko in the murder of Harry J. Litzberg, legal merchant whose establishment was robbed here on April 17, Henderson urged the nine women jurors to disprove the theory that "women will not do their duty when the death penalty is inflicted."

The court room was again crowded and many of the spectators remained until evening waiting the verdict. Scores of young women were among those who jammed the room to capacity.

Point Richmond Pioneer Dies at Cottage Ave. Home

Mrs. Helen T. O'Gorman, one of the first of the Richmond pioneers, died at her home at 42 Cottage avenue, Point Richmond, last evening. She was a native of Canada but had lived at the Point Richmond home for the past 25 years.

Mrs. O'Gorman was the wife of Patrick O'Gorman of this city, and the mother of Raymond F. Fitzsimmons of Los Angeles. She was a member of the Women's Catholic Order of Forsters of Richmond.

Funeral services will be held Monday morning at 10

WONDERS OF CHEMISTRY

The average citizen, even of the more educated class, unless he is following closely the advances of science, has not the faintest idea of the wonderful strides being made in the realm of chemistry and physics.

Revelation after revelation follow so rapidly as to be bewildering. Among the major discoveries reported by the most eminent scientific men at the recent annual meeting of the American Chemical Society in Baltimore may be noted the following:

The discovery that rust and corrosion are due to positive electricity, and that negative electricity is an antidote. This discovery promises to conquer rust, which destroys \$300,000,000 worth of metals every year.

German synthetic wood alcohol from water gas threatens the American wood alcohol industry with extinction.

Mercurochrome, combined antiseptic and dye, injected into the veins of rabbits carrying typhoid, freed them of the disease.

Kidneys so diseased as to prevent surgical aid have been restored by a new coal tar derivative.

Hexyl resorcinol is a new internal antiseptic, 50 times as powerful as carbolic acid, yet less injurious to the organs.

Mentaphen is a new germicide, of which ten drops in the nostrils checked colds in thousands of cases.

A product of the pituitary glands, useful in obstetrics and in the treatment of diabetes, is so powerful as to be perceptibly active when diluted with 18 billion times its volume of water.

By an "invisible light" signals can be made which may only be seen by a receiver equipped with specially tinted glasses.

Radon, a gas-like emanation of radium, costs \$5,000,000 an ounce to produce, but is 160,000 times as active as radium itself.

These are only a few of the very recent discoveries, of which there are dozens equally important. In other scientific fields similar stories of achievement are being told daily.

We are living in a tremendously wonderful age. About the only thing we are unable to control and improve is human conduct.

THE QUEST OF HAPPINESS

Mr. Alexis Carrel, famous surgeon of the Rockefeller Institute, doubts whether our boasted medical progress has "brought much happiness to the world," or "greatly modified the position of the average man as regards disease and death."

He recognizes the great gains in combating infectious diseases. But he points out that man nowadays has more prospect than ever of being tortured by certain slow organic diseases, and especially of suffering from nervous diseases or making himself miserable by his lack of judgement and his vices."

Hope for the future happiness of the race, he declares, rests upon a better understanding and use of the brain, to enable us to stand the stress of modern life.

It isn't likely that we shall have to develop more brains, or cultivate new faculties. The average man now probably doesn't use more than one-fourth of the brain-power he possesses. As far as mere brains are concerned, it is only a question of operating the mental engine more efficiently.

Possibly the feelings are more important than the intellect. Surgeons find that the brains of the insane are usually all right—something else upsets them, physical disease or uncontrolled emotion.

The man or woman who remains calm has little difficulty with this whirling of modern life. The thing to do is to cultivate the poise of the whirling earth and the spinning top. But that takes faith.

First faith, the steady nerves, then effective brains, then adaptability and happiness—how is that for a program?

DETOURS COSTLY AND OFTEN DANGEROUS

The high cost and inconvenience caused by road detours is an important matter in considering the economy of different paving materials. There is a constantly increasing liability involved where the traveling public is forced to go over long and dangerous detours for extended periods of time.

To eliminate this hazard there is a growing tendency to adopt paving methods and materials which do not cause detours and delays for traffic.

Insects have to rise to great heights to drift with the wind.

The United States Steel Corporation has quit making horse-shoes.

Longfellow permitted children to interrupt his writing at any time.

Thirty-five cubic feet of average sea water contains one ton.

Sliced Peaches Old Fashioned Flannel Cakes Bacon
Coffee or Milk

DINNER

Fricassée Chicken Hominy
Creamed Onions Fried Tomatoes
Molasses Fruit Cake
Vanilla Ice Cream

SUPPER

Creamed Lobster Buttered Toast
Flannel Cakes

Beat six eggs very light, stir in them two pounds of flour, small spoonful of salt, and sufficient luke warm milk to make a thick batter, and 1-2 yeast cake dissolved in a little of the milk. Make them at night for breakfast. Have your griddle hot, grease it well, and cook like pan cakes, butter and send them hot to the table.

Molasses Fruit Cake: One cup brown sugar; two thirds cup butter; two cups cooking molasses; one cup milk; four eggs; one tablespoon cinnamon; one-half teaspoon cloves; one teaspoon grated nutmeg; five cups sifted flour,

one cup raisins; one cup currants.

Molasses Fruit Cake: One cup brown sugar well beaten, then add the molasses, the eggs well beaten, the milk, salt and spices. Sift in the flour by degrees. Dissolve the soda in a tablespoon of water, add to the mixture. Flour the raisins and currants and add last. Bake in a moderate oven one hour.

Creamed Lobster: Remove the meat from one medium sized lobster. Pound it in a mortar with 1 table-spoon of butter, pass it through a sieve. Pound the coral and rub it separately through a sieve. Keep it by itself for garnish. Whip 1-2 pint of cream, adding to it little by little 1 teaspoon of lemon juice. Add slowly to keep from curdling. Then add the lobster and half the coral, season rather highly with cayenne, put in soufflé cases, and sprinkle the remainder of the coral over the top. If one has no cases nor the skill to make them from paper, the creams may be served in any dainty dish.

Flannel Cakes: Beat six eggs very light, stir in them two pounds of flour, small spoonful of salt, and sufficient luke warm milk to make a thick batter, and 1-2 yeast cake dissolved in a little of the milk. Make them at night for breakfast. Have your griddle hot, grease it well, and cook like pan cakes, butter and send them hot to the table.

Molasses Fruit Cake: One cup brown sugar; two thirds cup butter; two cups cooking molasses; one cup milk; four eggs; one tablespoon cinnamon; one-half teaspoon cloves; one teaspoon grated nutmeg; five cups sifted flour,

Closely Molded Outline With A Sudden Forward Flare Over the Knees Characterizes the New "Paquin Silhouette."

PROLONGED and intense heat in early June, to which most Americans were treated, seems to have sent our thoughts flying ahead. Having gone through the sort of hot spell that does not usually strike us until August has put us in an August frame of mind, we have worn our thinnest frocks, discarded wraps, worn the lightest hats we could discover and have been carrying parasols as if it were nearly harvest time. So it is no wonder that our thoughts shoot ahead to the question of early autumn clothes.

Whether or not the intensely warm

There is much talk of a revival of back fullness. At the same time we hear enough praise of Paquin's new silhouette to realize that all the smart clothes of the autumn are not going to show a backward fullness. Some of them are going to show that curious fan-shaped front flare which is associated now with the name of Paquin.

We have in fact an entire silhouette that goes by the name of this distinguished French maker of clothes. From a glance at the sketch you may derive an impression of this new contour much more quickly and clearly than you would from words. You might liken it to the graceful outline of the cuckoo's or bluejay's body with tail outspread—only the spreading tail appears at the front. The coat shown in the sketch is of black satin with light fur at the front—a summer coat to be sure, but of a fashion that most women will not attempt until autumn.

Beacon Sewing Club Formed Here Yesterday

A new sewing club, to be known as the Beacon Sewing club, was organized by Beacon Chapter, Order of the Eastern Star, at a gathering in the home of Mrs. J. Lester Woods, 1811 Gaynor avenue, yesterday afternoon. Sixteen members of the lodge were in attendance, and they named Mrs. Marshall Poage as president and Mrs. William Patterson as secretary-treasurer.

A great deal of enthusiasm is being shown over the new sewing club, and it is expected that some good work will be done in the near future in preparing articles for the fall bazaar. The hostess served dainty refreshments during the course of the afternoon.

The next meeting of the sewing club will be held at the home of Mrs. Lily Black, 666 Thirtieth street on the afternoon of Friday, July 24.

PYTHIAN SISTERS PLAN WHIST PARTY

Contra Costa Temple, No. 113, Pythian Sisters, held a business session in Pythian Castle last night, with Myrtle Carlile presiding in the absence of Most Excellent Chief Evelyn Miller.

It was decided to hold a sewing bee Thursday afternoon, July 16, at the home of Mrs. Anna Bowyer, 6:15 Barrett avenue, at which all members are urged to be present.

On Friday evening, July 17, the Temple will hold a public whist party at Pythian Castle beginning at 8:30 o'clock. Myrtle Carlile will be in charge and has arranged several merchandise orders as prizes in addition to a door prize.

Prior to the whist party a short business session will be held, starting at 7:30, but will be concluded before the playing begins at 8:30.

TO THE PUBLIC OF RICHMOND CITY

To accomodate our numerous patrons in the City of Richmond, we have started a delivery service. Our man will call every Tuesday and Friday in this city. The work received on Tuesdays will be delivered on Fridays; the work received on Fridays will be delivered the following Tuesdays.

When you wish our wagon to call, please ring up Oakland 1030.

Missouri Club Holds Picnic At Alvarado

Beautiful Alvarado Park was the scene yesterday of a happy gathering of local members of the Missouri Club, and many visitors from San Francisco, Oakland, and Santa Cruz. The Missourians who were visitors learned of the picnic through the newspapers and came to Richmond to get acquainted.

A basket luncheon was spread to the enjoyment of all at noon time, and the afternoon was largely spent in a social way. A short business meeting was held during the afternoon, with President Mrs. A. J. David in charge. Mrs. Schooler and Mrs. Wood were the managers of this successful affair.

It was decided to hold the next meeting of the club at the same spot in August. No definite arrangements were made about this coming outing, but the details will be announced in a short time.

FOUR CANDIDATES ARE INITIATED IN AUXILIARY

At the meeting of Admiral Dewey Auxiliary, No. 17, in Memorial hall last night, four new members were welcomed into the organization. They were Mrs. Eunice Curtiss, Mrs. Alice Herron, Mrs. Corine Storey and Mrs. Sassaman. The initiatory ceremonies were performed under the charge of Mrs. Bertha Spencer, in the absence of Mrs. Ruth Jönstrom, president.

Following the initiation and short business meeting the members adjourned to the banquet hall where they partook of a delightful banquet. This repast was prepared and served under the charge of Mrs. Campbell and Mrs. Spencer. As Mrs. Rose Griffin, the regular secretary was ill last evening, Mrs. Transue acted in that capacity.

Athletic Event of the Season at Local Field Today

At 1:45 o'clock sharp today, 8 athletes, representing seven Richmond churches, will be out at the Twenty-third field, in full battle array to fight for the track and field honors of the day. The events are being staged under the auspices of the Richmond Y. M. C. A. with Physical Director J. W. Deemling as supervisor.

Many events, both for men and women, boys and girls, have been scheduled for the cinder path and the field and the competition is expected to be keen.

London Fixes Fourth of July as Date for Unveiling American Peace Statue

LEFT TO RIGHT: BAILEE, MRS. BUSH, MISS HOFFMAN, BUSH
A striking statue symbolizing the mighty tie that binds Great Britain and America was recently completed by the sculptor, Malvina Hoffman. Two giant stone figures stand fifteen feet high, each weighing thirteen tons. Ninety-two tons of beautiful Indiana limestone, of which many of America's most outstanding buildings are constructed, were used in the statue. On next July Fourth London will witness the unveiling. On that day, most significant in the lives of the two nations, new pledges of continued friendship will be voiced as the curtains draw back from the work of art that rested for ages in the hills of the Hoosier state. The group was designed for the

Canton Richmond to Join Picnic at Sugar Refinery

Distinguished visitors at the bustness session of Canton Richmond, No. 40, I. O. O. F., held in Richmond hall last night were General Korenbeck, Major Atwood and Colonel Mitchell, all of Canton No. 5 San Francisco. The meeting was presided over by Captain Charles Washburn.

Tonight Canton Richmond will go in a body to Martinez where they will act as escort to District Deputy Grand President Jessup and District Deputy Grand Master Ward, and aid in a public installation of officers of the Martinez Canton. On August 1, Canton Richmond will visit Concord for a similar purpose.

Plans were perfected last night for the participation of Canton Richmond in the East Bay bridge picnic to be held at Crockett on August 9, and in which all Cantons of the bay region will take part. San Francisco Cantons will join the party, the main feature of which will be a tour of the Crockett Sugar Refinery.

A band concert will take place at 10 o'clock in front of the refinery, and at 11 o'clock the party will be escorted through the sugar plant. At 1 o'clock a great banquet, furnished by the refinery company, will be served on the grounds to all the visitors.

MUNICH'S BEER LOVERS NOW SECOND TO SWISS

UNIVERSAL SERVICE

MUNICH, July 16.—Every loyal Bavarian is mad as hops because he has been beaten at his own game. South Germans, famous for nothing if not for a solid beer and alcohol capacity, have had to take their hats off to the Swiss.

While the German beer VEREIN members were sitting back in sleepy content over years of a duty well done, Switzerland stepped in and won the world championship for alcohol consumption.

Each Swiss modestly got away with seven and a half quarts of beer and other alcoholic beverages a day last year—by and large statistics say.

On the other hand the Bavarians, heretofore leaders, fell back to second place with a mere six quart allotment for the average person in the average day!

Modern Woodmen To Adopt Class With Many Guests

Richmond Camp, No. 1162, Modern Woodmen of America are planning on a big time in Redmen's hall on the evening of Friday, July 24, according to announcement made last night. There is to be an adoption of a large class, and visitors will be present from all about the bay, from San Jose to Sacramento. A communication was received last night to the effect that Ben Goodheart, state deputy will be in attendance.

There will be no meeting of the Modern Woodmen in Richmond on next Friday night, as the lodge has accepted an invitation to attend a meeting at San Jose. Not only members from the bay region will be present at this affair, but camps will be represented from all of northern California. Besides a special lodge session, it is expected that there will be a fine program and a banquet.

Several applications were balloted upon at last night's meeting in Redmen's hall, which was presided over by Venerable Consul Al English.

Work Wearing You Out?

Richmond Folks Find a Bad Back a Heavy Handicap.

Is your work wearing you out? Are you tortured with throbbing backache—feel tired, weak and discouraged? Then look to your kidneys! Many occupations tend to weaken the kidneys. Constant backache, headaches, dizziness and rheumatic pains are the result. You suffer annoying bladder irregularities; feel nervous, irritable and worn out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Workers everywhere recommend Doan's. Here's a Richmond case:

Mrs. Geo. Schiltz, 1322 Bissell Ave., says: "Hard work affected my kidneys and caused lame back. When I washed, I had cutting pains through my kidneys, I felt tired all the time and could hardly do my housework. My kidneys didn't act right and my feet swelled badly. I used Doan's Pills and they gave me relief."

Over three years later, Mrs. Schiltz said: "Doan's have never failed to relieve me when my kidneys have troubled me."

Mrs. Schiltz is only one of many Richmond people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Schiltz had—the remedy backed by home testimony. 60 cents at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

Murderer Jailed For Life Wins Fortune In Lottery

(By Universal Service)

PRAGUE, July 10.—Lady Luck paid

a visit to the murderer, Karl Puskacz, but she was clad in mourning. Puskacz, sentenced to prison for life here, has just won the first prize in the Czech state lottery—a round sum of \$100,000. The story of this strangest freak of fate comes from the prison where Puskacz must spend the rest of his days for strangling his wife—with the help of his mistress.

All night he paced his cell, hounded by the numbers he had seen. He told one of the guards that his ticket was surely the lucky one, but the guard only laughed and thought that one more of his charges was beginning to "see things."

Finally the murderer was allowed to send for his lawyer who listened sympathetically and then hurried to find the overcoat. Sure enough in one of the pockets he found a lottery ticket crumpled and worn at the edges.

Its figures tallied with those in the newspaper. The lawyer rushed around to the lottery office and found the sum waiting. Just two days before the \$100,000 would have gone back to the state for lack of a claimant.

After brooding over the situation for a week, Karl Puskacz, murderer, decided on a humanitarian deed. He turned the money over in bulk to his little illegitimate son of five years, rather than spend it in appeals for a milder sentence.

BATTLE WAGED FOR CONTROL OF AIR MAIL

By Universal Service

WASHINGTON, July 10.—Henry Ford and the National Air Transport Inc., are now engaged in a nationwide battle for control of the government's air mail lines, according to post office officials here today.

Victory will not only give to the winner a practical monopoly in air mail service, but will place him in a position to practically control the commercial air express and passenger transportation business expected to develop rapidly over the air mail lines.

Mr. Ford announced his plans to organize a gigantic air mail service with a view of securing contracts from the government early this week. Yesterday the National Air Transport made known it will shortly inaugurate an over-night express transportation service between New York and Chicago.

Today Postmaster General Harry S. New told Universal Service he will, within a few weeks, call for bids for regular air mail service on eight new sky routes to be established in the fall. Both Ford and the National Air Transport, he expects, will fight hard to secure the contracts.

PLANES ARE ORDERED

The National Air Transport group already has ordered twenty airplanes from the Curtis Airliner Company. Postmaster New is informed and is going after the prize with much gusto. On August 1, Second Assistant Postmaster General Paul Anderson will leave the government service to be manager of the project.

Behind the announcement by Mr. Ford is another interesting story, according to one high official of the government.

When the National Air Transport, Inc., was first organized, this official said, Edsel Ford was an enthusiastic participant. Ford, the younger, and the other organizers were ready to make a public announcement of their plans when Henry Ford ordered his son to withdraw from the company.

This did not however deter protectors of the Transport group. Col. Henderson was induced to leave the postoffice department and preparations have now been made to establish a nationwide commercial air transportation business.

COMPETITION BENEFIT

Edsel Ford's interest in pioneer aviation increased rather than diminished after he severed his con-

MADE LIFE GOVERNOR OF HOSPITAL FOR DONATING HIS BLOOD TO 51 PERSONS

BUGS BAER ON HAND AT TENN. MONKEY TRIAL

By BUGS BAER

Universal Service Staff Correspondent
DAYTON, Tenn., July 10.—The Darwin divorce case has now reached that stage where one word leads to another and both lead nowhere. The book of revelations was written in six hundred words. Those six hundred words will grow into six billion before Tennessee decides whether man is a monkey or vice versa.

Bryan is in town dressed like an Egyptian explorer on a considerable detour. It would be no surprise if American showed up in a hermetically sealed Eskimo kimono.

B. W. Tibble has been made a life governor of the London Hospital in recognition of his having given a pint of blood on 44 occasions and having submitted to seven other transfusions. He has never accepted payment, rich and poor alike having been aided. Alfred Tibble has been singularly honored by King George.

Auto Collision Results in Suit

As a result of an automobile collision several months ago at Twenty-third and Market street, San Pablo, Antonio Soito, of San Pablo, has filed suit against Mrs. J. Whittle in the San Pablo justice court, to recover \$100 said to be the damage to his machine. Attorneys H. W. Patterson and T. H. DeLap represent the plaintiff.

Judge Raulston is a gentleman of the old school. The jury are all hard working citizens and farmers. But they think that the sun rises in Bill Bryan's hat and sets in his vest pocket. And as consul, the apes said: "Everything about the trial will be fair except the verdict."

No matter what evidence is disclosed up, it will be impossible to make a Dayton citizen think that he isn't going to be an angel when he dies. And when he is an angel he wants to wear wings instead of a tail.

Darrow thinks that he can get Bryan to compromise and that Bill will concede that man is a monkey provided that the monkey is a Democrat.

The boy who started the argument has been pushed out of the picture by the prominence of Bryan and Darrow. Everybody in town likes Johny Scopes. His offense consisted in

From New York to Boston; Chicago to Minneapolis and St. Paul; Chicago to Birmingham, Ala.; St. Louis to Chicago; Los Angeles to Salt Lake City; Pasco, Washington, to Reno, Nev.; Texas, Oklahoma and Kansas City to Chicago; and along the west coast from Portland south to San Francisco and possibly Los Angeles.

He hopes that the eight new mail routes which will serve also as auxiliary and connecting units to the present transcontinental air mail service will be in operation by January 1. They are:

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, AND FOR THE COUNTY OF CONTRA COSTA, IN the Matter of the Estate of JANE EMMA SHIPLEY, deceased; JANE WOOD, Testatrix.

DECEASED, NOTICE IS HEREBY given that the above named testatrix, Jane Emma Shipley, deceased, known as Jane E. Wood, Testatrix, will sell or private sell, or will bid, and upon the terms and conditions herein set forth, subject to confirmation by the court, entitled Court of Superior of the City of Contra Costa, on the 1st day of April, 1925, the following described Real Property situated in the County of Contra Costa, State of California, and in the City of Richmond.

Lot eight in Block three, Empire Subdivision of Richmond, in Contra Costa County, California, as shown on map of subdivision thereof, filed in the office of the County Recorder of the County of Contra Costa on January 17th, 1919. Records of said Contra Costa County, State of California, Terms and conditions, page 1, Three hundred and sixty (\$360.00) dollars cash, lawful money of the United States of America.

All bids or offers must be in writing and may be left at the office of P. H. Gutteridge, Administrator of the Estate of Jane Emma Shipley, also known as Jane E. Wood, deceased, room 1603 Hearst Building, San Francisco, California, or may be delivered to P. H. Gutteridge, attorney for the Administrator of said estate, or may be filed in the office of the Clerk of the Superior Court of the County of Contra Costa, State of California, which is the place where the returns of said sale must be made, at any time after the publication of this notice and before the making of said sale.

Dated June 10, 1925.

P. H. GUTTERIDGE,
Administrator of the Estate of Jane E.
Wood, deceased, also known as Jane E.
Shibley.

MADE LIFE GOVERNOR OF HOSPITAL FOR DONATING HIS BLOOD TO 51 PERSONS

Richmond Girls Make Stage Hit At Sacramento

Reports coming from Sacramento indicated that three Richmond ladies are making a big hit in vaudeville. They are Emma Healy, Margaret McNeill and Leona Samuels and they are booked at the Senator theatre with Fanchon and Marco by Prof. William O'Rourke. They have been billed as the "Electric Trio" at a number of places, but they will open next Sunday at the famous Sacramento theatre for a week's engagement.

Recently the trio have been at the Grand Opera house in San Francisco, appearing in solo and group numbers, and have made a decided success.

MARRIAGE LICENSE ISSUED

Stanley W. Pressler, 24, member of the Richmond Fire department, and Gwendolyn R. Hughes, 18, also of Richmond, obtained a license to wed in Santa Rosa, yesterday.

teaching Darwinism in the sovereign state of Tennessee.

He read his lessons aloud from a book bought and furnished by the highly sovereign state of Tennessee. That's like giving your child toys on Xmas morning and then whipping him for playing with them.

An army of four cops arrived from Chattanooga this morning to prevent outrages by the one, lonely modernist in town. They were joined by Dayton's police force and the five of them marched up the avenue.

It seems strange that this argument started over soda water in a drug store. Other arguments have started on stronger drinks.

We once saw the entire Darwin theory threshed out in a Sixth Avenue barroom and the monkeys lost.

However every monkey has his day in court and Clarence Darrow is here to see that his old chums and classmates lose no prestige gathered in many centuries of tree climbing.

Experts called attention to the further fact that while an increased number enjoy the exemption from the income tax they are still paying the same amount of tax passed along to them from manufacturers and producers in the shape of increased costs of food.

RAGS WANTED—Record-Herald

UNLOOKED FOR SURPLUS FOUND IN U. S. FUNDS

By Universal Service

WASHINGTON, July 10.—A miracle doctor with a sure cure for unhappy marriages has just been arrested here.

Leo Schneider, language teacher and reader, clairvoyant and marriage mender, was taken into custody because some of his "pupils" and "patients" complained that he was exerting a harmful and mysterious influence over them.

Among the visitors to Schneider's studio seeking guidance and help from the clairvoyant were many of the fashionable women from Berlin's "Westend".

The miracle doctor's system con-

Arrest Berlin Doctor Who Promised a Cure for Unhappy Marriage

By O. D. TOLISCHUS

Universal Service Staff Correspondent

BERLIN, July 10.—A miracle doctor with a sure cure for unhappy marriages has just been arrested here.

His "hoodoo" cure was accomplished by taking the wife into a room curtained in black velvet where three candles burned. There in the midst of incantations in an unknown tongue he bashed an old shirt of the unwilling and errant husband.

The miracle man was unable to present any statistics to the police judge to show that he had in any way decreased the number of divorces in Berlin.

sisted in listening sympathetically to the stories of the unhappy women and assuring them that he could cause any faithless husband to mend his ways. Then he would proceed to "hoodoo" the erring husband back to the narrow paths after he had been paid a good round sum.

His "hoodoo" cure was accomplished by taking the wife into a room curtained in black velvet where three candles burned. There in the midst of incantations in an unknown tongue he bashed an old shirt of the unwilling and errant husband.

The miracle man was unable to present any statistics to the police judge to show that he had in any way decreased the number of divorces in Berlin.

Charles Smith Funeral Today

UNIVERSAL SERVICE

VIENNA, May 10.—"In my dreams I clearly see my nephew approach my bed and pass a cord around my neck, strangling me," wrote the Doctress Hug-Helmut, disciple of the Standard Oil here, who passed away on Thursday at the Kings Daughters Home in Oakland. He had been afflicted for two years with paralysis. The nephew, arrested, confessed to church will be in charge of the services, which will be conducted at the California Crematory.

April the doctress was found dead in bed, strangled by a cord.

The nephew, arrested, confessed to the crime. He had no knowledge of his aunt's letter.

Harbor Committee Discusses Plans For Construction

Plans for Wharf No. 2, on the Richmond inner harbor, which were recently prepared by "Drydock" Smith, were submitted, by City Manager J. A. McVittie yesterday morning for discussion before the members of the harbor committee of the chamber of commerce.

Part of the 500-foot wharf will be of open construction, and part will be covered for cargoes, which must be kept dry, according to the plans which also provide for facilities for handling cargoes direct from the ships to the freight cars. The plan will be submitted for bids at the city council meeting on Monday night, it is believed.

SUITS PREPARED FOR MOKELUMNE RIGHTS-OF-WAY

Aggressive steps toward obtaining rights of way for property along the aqueduct line of the Mokelumne water project are being taken by the East Bay Municipal Utility District, according to Theodore P. Wittschien, new attorney for the district, who has started his official duties at the headquarters in Oakland.

Wittschien is specializing for the present, on the study of the legal aspects of the right of way problem. He is preparing to file condemnation suits in cases where any difficulty is being had in obtaining the necessary easements.

"For the most part," said Wittschien, "right of way work is progressing satisfactorily and excellent progress is being made toward obtaining the property we must have for the Mokelumne conduit and tunnels. As soon as the bonds have been validated," said Wittschien, "We can let contracts, purchase water rights, rights of way, and take all other necessary steps to make the dirt fly on the Mokelumne project. The estimate calls for four years to finish the work, but the engineers say it will more probably be done in three years."

Public opinion is strongly in favor of municipal ownership and in favor of the Mokelumne project. It was decided upon unanimously by the board of world-famous engineers last fall. The attempt to bring in water from the lower Sacramento helped further to draw the people together, and the victory which the district scored at that railroad commission hearing was a great one from many points of view."

Denny at California

Scene from REGINALD DENNY'S "I'LL SHOW YOU THE TOWN." UNIVERSAL JEWEL

Reginald Denny Shows The Town At The California

In his latest film comedy "I'll Show You the Town," the Universal Jewel feature which opened at the California theatre last night, Reginald Denny comes to the screen in the role of an unromantic professor who is literally deluged with feminine hearts of all ages—and sizes.

"I'll Show You the Town," adapted from Elmer Davis' rollicking story of the same name, is the love story of Professor Alec Dupree who fights shy of cupid's darts only to be wounded by a score of them. Alec, played by Reginald Denny, is a professor of English at old Wyndam, a college founded by his grandfather. The college is defunct, and it is up to Alec to get enough funds to keep the old school together. As luck would have it the famous Agnes Sleevenger, wealthy widow of a nearby provincial town, is visiting the metropolis, and Alec is accorded an introduction to her and is worked to "show her the town."

Agnes Sleevenger, though one of the wealthiest women in the country, is also one of nature's homeliest, and Alec goes about winning her purse (for Wyndam's sake)—by first winning her heart. How Alec woos and wins the heart of "Aggie" is one of the funniest sequences in the screen play. But Agnes Clevenger is not the only woman who crosses Alec's path. He is beset on all sides by cupid who finds many practical ways in which to ensnare the wary professor's heart.

Four leading women are in the supporting cast. They are Marian Nixon, Cissy Fitzgerald, Margaret Livingston and Lillian Tashman. Others in the cast include Edward

KENSINGTON TO GET TEMPORARY SCHOOL HOUSE

When the fall semester opens in August, a temporary school building will have been erected at Kensington Park, between Thousand Oaks and Berkeley Country club, and the children of that place will attend school in Richmond district, instead of at Berkeley.

The Richmond board of education has ordered the erection of the temporary structure, until such a time as funds are available for the permanent building. The portable buildings that were used at the Fairmont school in El Cerrito are now being moved to Kensington Park.

A new temporary structure was originally planned for Kensington Park, but the board decided that the money could be used to better advantage in the future on the permanent school. The wing of the old Fairmont school which was recently burned will be replaced at a cost of approximately \$25,000.

"Held to Answer" At The Richmond

Idealism is the underlying theme in "Held to Answer," Metro screen version of the famous story written by Peter Clark MacFarlane, which opened last night at the Richmond theatre.

It represents a preacher who throws public opinion to the winds. Accused of a theft, he refuses to divulge the identity of the culprit whom he knows. The people of the community ask him for his resignation and he refuses. Then his reward comes for being master of his own thoughts. How he is exonerated and regains his prestige forms the absorbing climax of a gripping tale of a man's man.

The cast includes House Peters who appears as the preacher, Grace Carlyle, John Sainpolis, Evelyn Brent, James Morrison, Lydia Knott and "Bull" Montana.

"Held to Answer" was directed by Harold Shaw and adapted to the screen by Winifred Dunn. George Rizard was the cameraman and J. J. Hughes was art director.

Other features on the same program include the first thrilling chapter of "Days of '49," entitled "The Soldiers of Fortune" starring Neva Gerber and Edmund Cobb.

"Felix Revolts," a Felix the cat comedy will also be screened.

Kimbait, Hayden Stevenson, Neddy Edwards, William A. Carroll, Martha Mattox, Helen Greene and Lionel Graham, the last one mentioned being probably "the heaviest man" on the screen. Harry A. Pollard directed the production.

Other features on the same program include "Going Great," with Eddie Nelson, a Jack White Mermaid comedy; "International News" Larry Caneo, at the organ.

EX-BANKER AND U. S. NAVY MAN CLIMBING MT. LOGAN THE EVEREST OF CANADA

Capt. A. H. MacCarthy, one-time

banker, officer in the United States Navy and now ranching in British Columbia, leads the expedition of Alpine climbers in an attempt to scale Mt. Logan, the highest unscaled peak in Canada. He is due to make his report on the hazardous expedition before the 1925 meeting of the Alpine Club of Canada at Lake O'Hara in the Canadian Rockies in August. Capt. MacCarthy expressed the hope before leaving that he would also be able to attend at last part of the Official Trail Ride and be at the 1925 Pow Wow of the Trail Riders of the Canadian Rockies on August 10, at Wapta, British Columbia.

PRAYERS OF NATIVES AND BISMARCK PICTURE BRING PARAGUAY RAIN

By O. D. TOLISCHUS

BERLIN, July 9.—Prince Otto von Bismarck, the "Iron Chancellor" has been made the patron saint of a far-off village on the Ptoimayo River in Paraguay.

Otto Preusse-Sperber, a German explorer, tells about it in a book just published, called "Among settlers, Gauchos and Indians."

On his arrival, he relates, he found the population of the village on their knees in the village chapel before a huge picture surrounded by burning candles, praying for rain.

Great was his astonishment when he discovered that the picture represented Bismarck, stern and forbidding, and clad in his favorite uniform of the Prussian Guard Cuirassiers, with a huge steel helmet.

He is called there San Bismarquino.

A native explained that during a drought five years ago, when the people had become nearly desperate and at the prayers for rain had gone unanswered, a strange peddler had appeared at the village. Immediately he was asked whether he had a picture of a new saint who could procure rain.

The peddler replied "sure" and produced the picture of Bismarck.

It pleased the villagers, and in an

Cross Complaints Field as Result Of Auto Accident

W. H. Conn, 23 Ringlet Court, San Fran filed a suit against Mrs. Conn for the sum of \$195, alleged damage to his automobile as a result of a collision that occurred on June 24 at the intersection of San Pablo and Roosevelt avenues.

In turn Conn filed a counter complaint, stating that his car was damaged to the extent of \$210 in the smash-up. At the time of the crash, Conn's machine was being driven by Miss Dorothy Currier. She had just completed the circle at the intersection and was traveling at a rate of 6 miles per hour, according to the complainant. Pharo's car was traveling at 40 miles an hour, Conn said, when it crashed into his. Will S. Roberson is attorney for Pharo, and Tsar Calfee is representing Conn.

C. W. COOK RETURNS HOME

C. W. Cook, 1429 Chanslor avenue, returned home yesterday afternoon after a vacation trip to Eugene, and Portland, Oregon, and Seattle Washington. Cook visited with his son, W. H. Cook, in his old home town of Eugene, and while Seattle attended one day the Northern Baptist convention, held recently in that city.

elaborate procession it was carried through the town.

The same night, a thunder storm arose, and the village crops were saved.

"Since then," the native said, "San Bismarquino has never failed to supply us with all the rain we need!"

Cottage Permits Issued Yesterday

Building Inspector E. L. Grow issued a permit yesterday to the Richmond company for the construction of a \$6,000 cottage on Rheem avenue, between Twenty-fourth and Twenty-sixth streets, with the Miner company doing the work.

A cottage, to cost \$2,000 will be built by Mrs. Ruby Bryant on McLaughlin, between Barrett and Roosevelt avenues, with Carl Obera as contractor, according to a permit issued.

LOTTERIES

The earliest known lottery was drawn at Bruges, February 24, 1446. It was a state lottery, drawn to raise funds when taxes had failed.

BUSINESS MEN VIE FOR TITLE IN VOLLEYBALL

The Richmond Rotary club is superior to the Richmond Lions club, in one field of endeavor at least, and that field is volleyball.

This was demonstrated at the Y. M. C. A. last night, when under the captaincy of Harley Carter, Isaac Lester's Lions, turned into playful lambs. The lionish forces took the first game of the three game series by a 15 to 13 score, but were soundly spanked in the other two—15-6 and 15-14.

The last game proved to be the thriller. The Rotarians were far ahead with 14 points, H. A. Johnston came up to serve. A series of twisters completely flabbergasted the contemporaneous team till the game was over.

Carter had on his side such luminaries as Ed Hill, Johnston, Seward, P. M. Sanford and Charles Renwick while Lester was backed by Zeb Knott, Eddie Burg, Chief W. P. Cooper, Maurice Church and Mickey Chambers.

SNAPPY BASKETBALL

The events of the "game night" at the Y started out with a snappy

PATIENT RETURNS HOME
Mrs. George Ebersole, of 2116 Acton street, Berkeley, who was formerly Miss Georgia Florence Miner of Richmond, has returned to her home after a 10-day confinement in the hospital. She will be pleased to greet her friends at the home residence.

basketball game between two picked teams of the Girls' Hi-Y club. Although the game is now somewhat cut of season, the encounter was hugely enjoyed by the fans. Team No. 1 (whatever that was) took the game by a narrow margin.

While the handball players werejourning in the dressing rooms Miss Ruby Williams entertained with piano selections, while Master Maurice Church handled the fiddle to good advantage.

Jack Deeming and B. Epstein then exhibited their prowess at the gentle art of handballing. Rumors have it that the game was a tie, but experts declared that Epstein had the shade over his opponent.

The baby grand piano that was given as a door prize was appropriately won by Dennis Shaw, a strong Lion backer, and also the club pianist. Merle Basket took the second prize—a beautiful box of candy, while Watson Dimock was awarded third—also a box of candy. Rollo Farrio took away the fourth prize, which proved to be two pairs (four) shoes donated by Alberts, Inc., Bert

A. Bussow was the official squarer of the evening, and referee of the handball games, while Deeming was the official in the other events.

HOW TO BE HEALTHY

By JOHN W. DEEMING

WHY WORRY!

What is the use of worrying anyway, it does not get us anywhere. There are too many things to be done to take time off for worry. Forget it.

We must not let our thoughts dwell on the morbid things of life, but rather on the pleasant and beautiful. All of us must realize that there must be some annoying things

come across our path, so let us be determined to pass them up as the small things and develop that mental attitude that there are more important things in life than worrying over something that cannot be helped. Do unto others as you would be done by. Every man is your friend until he proves otherwise. Eat good nourishing foods. Take your daily exercise. Keep your bowels open. Then you should worry. Worry is one of the most health destroying habits that men develops. Cut it out!

SAYINGS

It is wonderful how much the mind is enlivened by the motion and exercise of the body—Pliny.

ANSWERS AND QUESTIONS

Wrestling is far better as a means of defense than boxing. I know there will be many boxers that will not agree with that statement, nevertheless it has been proven times without number. It is just as easy if not easier to get hold of a man as it is to hit him. If the wrestler once gets hold of his opponent, that will soon finish it.

Mary.

Beginning next week we are going to start a series of exercises for women that will center around the development of the thighs, hips abdominal muscles, chest, back and shoulders. The information you desire will be found in those exercises. Thank you for your kind wishes.
